

A team of Cancer experts from Ganga Prem Hospice came to the Institute and took a CME on Palliative Care for Cancer patients.

The students of Physiotherapy, Pharmacy, Medical Lab Technology, Pharmaceutical Chemistry and Biotechnology attended the CME with great enthusiasm.

Dr. Dominique Cassidy (Psychiatrist from Switzerland), Dr. Aditi Chaturvedi (Palliative Care Doctor, Ganga Prem Hospice) and Dr. Mayank Gupta (Anaesthetist from SGRR Medical college) discussed about holistic approach for the cancer patients.

They also focussed on various interventions to improve the quality of life and physical symptoms of the terminally ill cancer patients.

They highlighted the role of psychosocial and spiritual support for these patients.
